

SUSTAINABLE

REDIFEST

WWW.REDFESTBRISTOL.CO.UK

HOW DO YOU TRAVEL TO REDFEST?

63% walk or cycle, 26% drive, 11% take the bus or train

Could you leave the car at home and walk or cycle?

This will help improve local air quality and reduce our carbon footprint it's healthier and more fun too!

NEW AT REDFEST - CYCLE HUB

Our Cycle Hub was a massive success in 2018!

Ride your bike to Redfest and visit our new area celebrating cycling and sustainable transport, get a [free bike health check up and free cycling advice.](#)

RECYCLING AND WASTE

In 2018 we created almost 4 tonnes of waste at Redfest

71% was recycled which we are very happy with!

Can we recycle even more in future years?

PLASTIC IS ONLY 30/0 OF REDFEST'S WASTE

We've been working hard to eliminate single use plastic

Lush food is served on compostable plates

Bars serve drinks in reusable cups

Bring a reusable bottle and fill up with water for free

ENERGY

Did you know? Energy is Redfest's second biggest environmental impact after travel.

In 2018 one of our stages was powered by the sun!

Thank you to Bristol Energy for making it happen.

In the future we would like to use less fossil fuels and more renewable energy.
